

Policy on Credit for Advanced Placement Examination

Students who have taken the Advance Placement Examination in high school may qualify for college credit.

1. A score of 1, 2, or 3 does not earn credit or exemption.
2. A score of 4 or 5 earns credit for the equivalent course. In Computer Science A and Physics, a score of 5 is required to earn credit.

Notes

- (1) One additional credit may be granted for laboratory experience. Submit a detailed syllabus to the Department Chair. Biology majors who receive 7 will need to take Biology 1012 lab. Biology majors who receive 6 credits will need to take Biology 1011 and 1012 labs. Non-biology majors may still need to take labs if the graduate program they will be applying to requires 8 credits of Biology Principles.
- (2) Students may not take a foreign language AP examination in their native language.
- (3) Not toward major, minor or Interpreting Literature and the Arts of General Education Requirements.
- (4) For Stern College Students Only: students who want to take more advanced Computer Science courses must pass a Python 3 exam (at the 80% level) administered by the Computer Science department. Upon doing so, the 4 credits for General Elective will be changed to 4 credits for COMP 1300C.
- (5) Credits granted for MATH 1412 with AB sub score of 4 or 5.
- (6) Biology and Chemistry majors need to take lab CHEM 1047L which may also be required for certain graduate programs.
- (7) THE JERUSALEM EXAMINATION: Credit is awarded depending upon the score earned. A combined score on Parts I and II of 150 earns 3 credits of a Hebrew elective. A combined score on Parts I and II of 160 or above earns 6 credits of Hebrew electives. Regardless of the credits earned, the number of Hebrew courses to be taken at SCW is determined by the SCW Hebrew Placement Exam. Further information about the Jerusalem examination is available from The Jewish Agency, Department for Jewish Zionist Education, 633 3rd Avenue, New York, NY 10017 (212) 339-6000.
