The Studio Art Shaped Major is made of four (4) core requirements:

1. Studio Foundation Requirements
2. Studio Elective Requirements
3. Art History Requirements
4. Exit Requirements

STUDIO FOUNDATION REQUIREMENTS (9 credits)

Course #	Course Name	Credits
ARTS 2201	Principles of Design	3
ARTS 2301	Principles of Drawing	3
ARTS 2511	Beginning Painting	3

Foundation courses should be taken early in the sequence (preferably the first 3 semesters on campus), and are intended as pre-requisites for both SCW and FIT intermediate and advanced level electives.

STUDIO ELECTIVE REQUIREMENTS (21+ credits)

- Four (4) SCW Studio Art electives in the student's area of emphasis (12 credits)
- 9–10 additional credits to be taken at either SCW or FIT

SCW will pay for up to 10 FIT credits (FIT courses are generally 1.5–2 credits and meet once per week). All Studio Art majors must meet with Professor Tullius to plan appropriate courses for their area of emphasis.

Students must take at least one studio course at SCW before registering at FIT.

ART HISTORY REQUIREMENTS (9 credits)

Course #	Course Name	Credits
ARTS 1051	History of Art I	3
ARTS 1052	History of Art II	3

Plus one (1) Art History elective, ARTS 1170 or higher, worth 3 credits. This course is a correlate to the major and may count toward the "Elective" category of General Education requirement.

EXIT REQUIREMENTS (1 credit)

Course #	Course Name	Credits
ARTS 4974/4975	Pre-Senior Project/Senior Project	1

ARTS 4974/4975 is a 2-semester course and must be taken by the term a student expects to graduate.

A January graduate would register for Pre-Senior Project in the Spring semester prior to graduation, and for Senior Project in the final Fall semester. A May graduate would register for Pre-Senior Project in the Fall, and Senior Project in her final Spring semester.

The exit requirement consists of an independent studio project designed by the student to reflect her area of emphasis. Completion and presentation of the student's Senior Project as well as participation in the annual Stern Senior art exhibition at the YU Museum are required.

Studio Art Minor
Total Credits: **15**

STUDIO ELECTIVE REQUIREMENTS (12 Credits)

Four (4) additional Studio Art courses. Minors can take up to five (5) credits at FIT

ART HISTORY REQUIREMENTS Choose one (1) of the following:

Course #	Course Name	Credits
ARTS 1050	Introduction to Art	3
ARTS 1051	History of Art I	3
ARTS 1052	History of Art II	3

Studio Art Shaped Major
Areas of Emphasis

There is a variety of areas within both the Fine and Applied Arts that students may choose to focus on as Studio Art Shaped majors. Below are curriculum suggestions for popular options. In addition to the disciplines listed below, students have also chosen areas of specialization such as Film/Video, Photography, Computer Animation, and Illustration, among others.

Students may wish to make an appointment to discuss possible careers in the visual arts with Professor Tullius if they are undecided on a specific area of interest.
