REQUIREMENTS FOR ADMISSION

The high school scholastic record, SAT I or ACT scores, and results of statewide tests such as the New York State Regents Examinations are of primary importance in determining a student's qualifications for admission. The Committee on Admissions also considers the applicant's character, potential, and contributions to school and community life.

High School Average: To qualify for admission, a candidate must present a high school average of at least 85 or its equivalent. The Committee on Admissions may require higher averages from students who come from schools whose academic standards are not known to the committee.

Tests: All applicants must take either the SAT I or ACT exam. The results of these tests supplement the high school grades. Most successful applicants have a combined score of at least 1170 in one sitting, on the critical reading and math sections of the SAT I or an equivalent score of 24 on the ACT.

Optionally, applicants may also take subject-matter achievement tests such as those of the SAT II testing program of the College Board.

Applicants should take the SAT I/ACT in the spring of the junior year of high school or fall of the senior year. If these tests are only given on Saturday, Sabbath- observing students may take them on Sunday by special arrangement with the test administrators. Full information is available from the Office of Admissions or college guidance counselor at the student's high school.

TYPES OF ADMISSION

Each admitted student is classified under one of the following categories. Not all schools admit under all categories.

General Admission: Students admitted with permission to work toward degrees or diplomas. A student admitted appending condition must resolve it within the time limit set by the Office of Admissions in order to maintain regular student status.

Provisional Admission: Students admitted without meeting the full requirements for regular status. While classified as provisional, students take a limited program and must consult with the Office of Academic Advisement each semester before registration. This process ensures that the students' progress be reviewed and that they receive approval of their class schedules and proposed programs. Provisional students who demonstrate

satisfactory progress and maintain a 2.000 GPA after two semesters of full-time attendance will be reclassified as regular.

Transient/Visiting Admission: Students who enroll only to meet particular needs as they pursue a degree at other institutions, without pursuing a program for a degree or diploma at Yeshiva University. Applicants may be admitted as transient students with the permission of their home institution and the specific approval of the school of Yeshiva University to which they have applied. For the semester(s) attended, transient students must be enrolled exclusively at Yeshiva University (i.e., they cannot take individual courses while continuing their studies at the home institution).

Transfer Students: Applicants who have attended another college must satisfy the same requirements as applicants who matriculate directly from high school. Applicants must have maintained a B average or its GPA equivalent at the institution from which they are transferring. In order to have their previous course work evaluated, transfer students should forward updated transcripts, syllabi and course descriptions prior to their arrival on campus.

Early Admission Program: An applicant must complete the junior year of high school, with a minimum of six regular academic-year terms in residence. Fifteen units must be completed, including the following 11:

- English Language- 3
- Additional Language- 2
- Social Studies- 2
- Mathematics- 2
- Science-2

A student applying to the Early Admission Program, under which the student may take a full college program, must present a high school average of at least 90 or its grade point average (GPA) equivalent, and a combined score of 1300 on the SAT I critical reading and mathematics sections or a composite score of 28 on the ACT.

An official letter of recommendation is required from the applicant's principal or college guidance counselor for admission into the Early Admission Program.

Applicants who are not high school graduates: Applicants who have not completed high school (or foreign applicants who do not have the equivalent diploma or cannot produce records) may be admitted if they pass the High School Equivalency examination administered by New York State (commonly called the "GED test") in addition to performing well on the College Board tests. Full details about the GED test may be secured from any high school in New York or, in other states, from the Department of Education.

All students, regardless of their status, must meet all standards and comply with all regulations and requirements

ADVANCED PLACEMENT EXAMINATIONS

Policy on Credit for the AP Examinations (as of Fall 2018 for exams taken in 2019)

1. A score of 1, 2, or 3 does not earn credit or exemption.
2. A score of 4 or 5 earns credit for the equivalent course. In Computer Science A and Physics, a score of 5 is required to earn credit.

The Bechinah Yerushalmit (Jerusalem Examination)

The Jewish Agency, in conjunction with the Hebrew University, annually administers the Jerusalem Examination (Bechinah Yerushalmit) at various locations throughout the world, including New York. The examination, usually given in May, is a two-part test of proficiency in Hebrew language and literature. Credit is awarded depending upon the score earned and only if it was taken before the student graduated from high school.

A combined score on Parts I and II of 150 earns 3 credits of a Hebrew elective.
A combined score on Parts I and II of 160 or above earns 6 credits of Hebrew electives.
Regardless of the credits earned, the number of Hebrew courses to be taken at SCW is determined by the SCW Hebrew Placement Exam.

Further information about the Jerusalem examination is available from The Jewish Agency, Department for Jewish Zionist Education, 6333 3rd Avenue, New York, NY 10017, phone: 1-866-835-0430.

THE YU COLLEGE LEVEL TEST IN JEWISH HISTORY

YU has developed examinations in Jewish History that test the student's knowledge of the political, social, economic, and cultural currents in the history of the Jews from the Second Commonwealth to the Modern Era. There are three examinations: Classical, Medieval, and Modern Jewish History, any one of which may be taken for credit.

The tests are prepared and read by Yeshiva University Jewish Studies faculty and are graded on a scale of 1 (low) to 5 (high). Scores of 4 or 5 earn 3 credits for each examination in lieu of the equivalent college course. Neither credit nor exemption is granted for scores of 1, 2, or 3. Credit is only awarded if the exam is taken while the student is still enrolled in high school.

For further information about this examination (including a suggested reading list) consult with your high school guidance office or with the course coordinator, Rabbi Dr. Rosensweig.
