

My Dear Friends,

I hope you are enjoying this festive holiday.

For me, these days are filled with a special poignancy as the first day of Chanukah marked the end of the first month, the Shloshim, after my father's passing.

As reflected in the brief video above, my father's life and memory brings to light the core messages of Chanukah today. May these days of brightness and joy bring only happiness and light to you and your families.

My warmest wishes for a happy Chanukah,  
Ari
