Combined/Joint Degree Programs and Articulation Agreements*

1. Business Administration	6. Nutrition*	11. Physician Assistant
2. Engineering	7. Occupational Therapy	12. Podiatry
3. Jewish Education	8. Optometry	13. Teaching Math & Science*
4. Jewish Studies	9. Physical Therapy (NYMC)*	
5. Nursing	10. Physical Therapy (Rutgers)	

Below are the basic elements of each program. Detailed information is available from the academic advisors. These programs are competitive, and final admission decisions are made by the cooperating institution.

1. **Business Administration - B.A./M.B.A.**

Yeshiva University and Bar Ilan University agree to admit qualified students simultaneously to a YU undergraduate program and a new M.B.A. program at Bar Ilan. The 13-month M.B.A. program will be taught in English at Bar Ilan in Israel. Once admitted to the program, students will have to maintain at least a B average.

2. **Engineering - B.A./B.E./B.S. or B.A./M.S.**

Yeshiva University offers combined plans in engineering with Columbia University School of Engineering and Applied Science (CU) as well as with the State University of New York at Stony Brook College of Engineering and Applied Sciences (SBU)

Under the BA/BS plan with Columbia, a student who maintains a 3.3 average overall as well as in Program-required courses (with no grade lower than a B in courses required by Columbia), and receives the recommendation of the pre-engineering adviser is admitted to Columbia University School of Engineering and Applied Science. The student must meet all specific graduation requirements (other than completing the 128 credits required for graduation) before continuing in the school of engineering.

Upon successful completion of the two-year program at Columbia, YU confers the Bachelor of Arts degree and Columbia confers the Bachelor of Science degree.

Under the combined plan with Stony Brook University, a student can earn both a B.A. degree from YU and a B.E. degree in engineering (or, in some cases, an M.E.) from Stony Brook University.

Students in combined plans must maintain registration at Yeshiva University by filing a Leave of Absence Form until they receive the B.A. degree.

In exceptional cases an accelerated program may be possible. Contact Academic Advisement.

3. **Jewish Education - B.A./M.S.**

Stern College and Azrieli Graduate School of Jewish Education and Administration (AGS) of Yeshiva University offer a joint program to qualified students. During their senior year, SCW students may take up to 12 credits at AGS, which count towards both the undergraduate and graduate degrees. Students are awarded the B.A. degree after completion of all B.A. requirements and an M.S. upon completion of the graduate program.

4. **Jewish Studies - B.A./M.A.**

The Joint Program with Bernard Revel Graduate School (BRGS) of Yeshiva University allows students during the senior year to take up to 12 credits at BRGS, which count towards both the undergraduate and graduate degrees. Students are awarded the B.A. degree after completion of all B.A. requirements and an M.A. upon completion of the graduate program.

5. **Nursing - B.A./B.S.N./M.S.N. New York University (NYUCN)**

Stern College offers a combined program in nursing with New York University's College of Nursing

(NYUCN). In this program students complete a Shaped Major as well as General and adjusted Jewish Studies requirements at Stern College. Students complete this work during 7 semesters and must earn a minimum of 119 credits. Credits remaining to complete the BA degree are counted back from the nursing school. Eligible students may then be admitted to a 15 month accelerated program at NYUCN which begins in January. Students receive the BA degree after successfully completing one semester at NYUCN. They are awarded the BSN at the successful completion of the nursing school and have the option of continuing on for a master's degree.

6. Nutrition (Articulation Agreement)

YU students may enroll at NYU as non-degree undergraduate students in courses in nutrition and dietetics in their junior or senior year. Students pay NYU directly for these credits. These courses satisfy some of the prerequisite courses required for many clinical nutrition programs throughout the country including the NYU Master of Science degree program in Nutrition and Dietetics.

7. Occupational Therapy - B.A./M.S.

Stern College offers a combined program in Occupational Therapy with Columbia University. During the first three years at SCW, students complete college requirements and prerequisites for Columbia's OT program. They apply to the 2-year Columbia program during the fall semester of their junior year. Students are awarded the B.A. from Stern College after the first year at Columbia, and the M.S. upon completion of the program.

8. Optometry - B.A./O.D.

Stern College and the State University of New York State College of Optometry offer an affiliation program to qualified students through which they can receive an undergraduate degree and a Doctor of Optometry degree in seven years. Students accepted into this program attend SCW for three years while they complete college requirements and prerequisites for the College of Optometry. After the first year at SUNY College of Optometry, students receive the B.A. degree. The O.D. degree is awarded after completing the four years at SUNY College of Optometry.

9. Physical Therapy (NYMC) - B.A./D.P.T. (Articulation Agreement)

The Early Acceptance Program with New York Medical College Graduate School of Health Sciences allows qualified students to receive provisional acceptance to the 3-year D.P.T. Program after their Junior year. Final acceptance is granted upon satisfactory completion of their senior year at SCW.

10. Physical Therapy (Rutgers) - B.A./D.P.T.

Stern College offers a combined program in Physical Therapy with the State University of New Jersey (Rutgers). During the first three years at Stern College, students complete college requirements and prerequisites for the Doctorate of Physical Therapy Program. Students are awarded the B.A. after completing the first year at the professional school, and the D.P.T. at the completion of the 3-year program.

11. Physician Assistant - B.A./M.S.

Stern College offers a combined program in Physician Assistant Studies with Mercy College. During the first three years, students complete college requirements and prerequisites for Mercy College's M.S. program. After completing 111 credits with a minimum GPA of 3.0, and with at least a "B" in prerequisite courses, qualified students continue at Mercy College. After the first year at Mercy College, students receive the B.A. degree from Stern College. The M.S. degree is awarded after completing two years and three months at Mercy.

12. Podiatry - B.A./D.P.M.

Stern College and the New York College of Podiatric Medicine offer a combined program in Podiatry. During the first three years, students recommended to the program complete college requirements and prerequisites for the NY College of Podiatric Medicine. After the first year at NYCPM, SCW awards the B.A. NYCPM awards the D.P.M. at the completion of the program.

13. Teaching Math & Science - B.A./M.A. (Articulation Agreement)

Stern College and NYU Steinhardt offer an accelerated option for a Master's Degree in Mathematics and Science Education. During the junior and/or senior year students may take up to 14 credits at NYU Steinhardt which will count toward both the undergraduate and graduate degrees. Students pay NYU directly for these credits. Yeshiva University awards students the B.A. degree after completion of all B.A. requirements and NYU awards an M.A. degree upon completion of the graduate program.
